15. Artist / Group biography

For these publicity sheets we want more than just pedigree (i.e., “Ph.D. for this, Masters for that, attended XYZ college, etc.). We want to open a window on who you are as a person/group—your passions, your leisure-time activities, your favorite singers, foods, or vacation spots.

Don't omit your education, career moves, or previous albums, just don't let this overshadow the personal stuff. (You might include a line or two about what inspired/motivated you/your group to record your latest album.) Also, if you have endorsement quotations from prominent people who have heard you perform, send these along as well. (Approximately 250 words)
