

Chapel[®] Artist Biography

For these publicity sheets we want more than just your pedigree (i.e., “Ph.D. for this, Masters for that, attended XYZ college, etc.). We want to open a window on who you are as a person—your passions, your leisure-time activities, your favorite singers, foods, or vacation spots.

Don’t omit your education, career moves, or previous albums, just don’t let this overshadow the personal stuff. (You might include a line or two about what inspired/motivated you to record your latest album.) Also, if you have endorsement quotations from prominent people who have heard you perform, send these along as well.

OK, go for it. Give me approximately 250 words. (If you sing in a group, give a “group sketch.”)

Thank You!
