Pacific Press® and Signs of the Times® plans wide outreach distribution to the city of Toronto with a special GC-2000 edition of Signs of the Times®

Nampa, Idaho (May 1, 2000) – The July 2000 issue of Signs of the Times® has been especially planned for wide distribution in Toronto, Canada in conjunction with the General Conference session. The cover article features Royson James, an Adventist journalist who is a popular columnist for the Toronto Star. Signs® World Evangelism is raising funds to send this special issue to 110,000 homes in the vicinity of Toronto where the General Conference will be held. The July Signs® is an excellent issue to share with non-Adventist friends and neighbors, regardless of where they live. The July issue is a great introduction to the magazine. Free Bible Study Guides are being offered with each magazine.
