

Updates . . .

Happy Retirement!

We have not been able to get together on Monday mornings for Chapel in a while and during this time **Katharine Payne** has retired. Since we couldn't do a Retirement Chapel for her, we would like to say: thank you for sharing your work life with us! Now you can unwind your mind and spend some time with your family and

friends. May you get the best of everything in life!

Katharine worked at Pacific Press for almost 9 years! She started working in Copy Express, then Shipping and finally in Reception.

We asked her a couple of questions before she left and we would like to share her answers with you:

What will you miss the most about Pacific Press?

The wonderful people. I have made so many friends that I will have the rest of my life.

What are your plans now that you've retired?

Regroup. Figure out my next career... ha-ha 😊 Hopefully travel a little. I am very happy at home with my yorkie Halle, my home, yard, family and friends.

Is there a message you'd like to leave for all of us at Pacific Press?

Whatever your passion is – do it! Don't waste time doing things you don't enjoy. Life is very short! Wake up every morning loving what you are going to do. God has given us talents and gifts that are meant to be used. Be yourself and be real! I could give lots of advice... just ask me.

You will be missed **Katharine**! We wish you the very best in your retirement.
