## Small Miracles

by Chris Alexander

We work in a blessed arena. And we are faced with the daily challenges of producing gospel material while battling the forces that don't want this work to be spread to the world.

### What's New

MIRACLES

FISH IN THE POND

NEW EMPLOYEES

There seem to be more problems with certain jobs, and I have decided that when these troubles arise that I will call on the "Prayer Warriors" that sit busily behind the scenes in the building—doing the work of several people, worrying about what is on their plate, but more than willing to pause for a second or 2 and send up a plea of protection and production for the finishing dept.

The jobs get done, the machines work smoother, the team handling boxes or stacking the books have a calmer, kinder, easier day. Those are my miracles. They happen all the time, they go unseen by most, but I have been blessed to be able to see them for what they are.

I thank God every day for the talent in the room. And I am grateful for those that keep the PPPA family in their prayers. We miss our weekly worship, and its comfort, but I know that we will be blessed to do His work until the work is done.

I have a thousand small things that tell me He has got this.

## Wahooz Fun!

it might seem like our time at Wahooz was long ago, but it has actually been only two weeks! We had an amazing time, and it looked like everyone had a great time.

We would like to thank our Social Committee for the work they put into this event! Wahooz did a super job with the pizza buffet and we all had fun!

### Accelerate Plan: Wellness Points Tracking

Wellness Points tracking for 2023 began on August 1, 2022. You have until July 2023 to track 10,000 wellness points for 2024 Accelerate plan eligibility.

## ***Know the Fish in Our Pond!***

A couple of weeks ago a biologist from Idaho Fish and Game came to verify what type of fish we have in our pond and also to see if we have healthy stock. They were pleased to see the Bluegill, Pumpkin Seed and Small Mouth Bass are doing quite well. No Grass Carp were found – which are the fish that help keep the pond clean and reduce the algae and grasses.

The biologist suggested we contact a fish hatchery and get some Sterile Grass Carp in order to maintain the algae under control. To retain the recommended population, we need about a hundred Sterile Carp to restock our 7 acre pond.

Last Wednesday afternoon 100 Sterile Grass Carp were placed in the pond. It might be too late to see results this year but the fish will get a good start and some growth to get a better start for next year.

Below you can see a picture of each type of fish we have in the pond. Can you match the picture with the correct name for each fish? Then you can print the page, **write your name at the bottom** and send it to Gina Duncan at the President's office or email it to [gina.duncan@pacificpress.com](mailto:gina.duncan@pacificpress.com). All participants will be entered in a drawing for a chance to win a prize! **We will announce the winner next Tuesday.**

# *Welcome Dan and Janine Show!*

by Kirsten Berger

Dan and Janine joined Pacific Press on June 27 as Network Administrator and Fulfillment Leader, respectfully.

They have served in Adventist Education domestically and abroad for nearly 30 years. Dan said, "I have felt for quite a while that it was time to move out of education, and this was the opportunity where God said yes, go." After working at a boarding academy for the last seven years, they are relieved to truly have weekends off work. They are happily adjusting to life outside the academic calendar.

Dan and Janine enjoy adventure—they served as teachers in Taipei, Taiwan (no, they don't speak Chinese), and two years in

Guam. In their free time, you can find them camping, biking, or scuba diving—when the location permits (they got to do this a lot overseas!).

We are happy you are here, Dan and Janine!

## *Employee Appreciation Food Sale*

A reminder that all orders for the Employee Appreciation Food Sale must be submitted to the ABC no later than Thursday, August 11, 2022— That's tomorrow!

The orders can be picked up at the ABC during the week of August 29-31. Payment will be due at pickup time.

If you need a form, please contact Gina Duncan at the President's office

## *Monday Chapels are back!*

It has been 2 and a half years since our last Monday Chapel and we are ready to get together every Monday!

Our first Chapel for this year will be this coming Monday, August 15 at 7:30 a.m. in the Owyhee Room.

We are looking forward to seeing everyone there.
