Spring has Sprung . . .

The pond is alive with the return of various birds and adorable fluffy baby goslings trailing behind their mothers.

Summer is almost here, bringing even more change & excitement.

Change . . .

Spring is a time of new beginnings and we are experiencing some of these new beginnings here at the Pacific Press.

Our incredible Receptionists DeneSue has moved on into retirement and Debbie will be also be leaving us soon.

Gene Herbel has accepted a position outside the Pacific Press and Mike Fifer has accepted the position as Director of Plant Services. Mike will continue to oversee his Safety Director position until further notice.

Another change that is heading our way at the end of this month, is that Dan Ross will be joining DeneSue in their new adventure into retirement.

We recognize the dedication, professionalism and friendship that each of them has given during their years at the Press, and while we miss each of these incredible people greatly, we are grateful that the Lord is providing special people to fill their shoes.

Just a remember that the deadline for RSVPs is Monday, June 3.

Thank you to all those who have sent in their RSVP. Those who have not sent them in yet, we hope you will take a moment to send them to us (even if you are not planning to attend) so we will have an accurate number to give to Wahooz.

Thank you for your help with this!

New Faces at the Press . . .

Welcome Makailyn Delarosa (Micki)

Shipping Dept.

Makailyn is a graduate of IDVA (Idaho Virtual Academy). She is all set to begin her junior year at BSU this coming fall. Her plans are to pursue a career in Human Resources.

Coming from a family of six, Micki has three siblings. Her mother works in the field of human resources, while her father, Jon Messecar, is our Director of Trade Sales here at the Press.

Micki thoroughly enjoys engaging in face-to-face interactions. She finds joy in spending quality time with her loved ones, including her family, boyfriend and friends. Additionally, Micki has a deep affection for animals and the great outdoors.

One of Micki's favorite jobs was working in a retail store. This role allowed her to meet lots of fascinating people, which she truly enjoys.

If given the opportunity, Micki would love to hike the breathtaking landscaped of Iceland or embark on a memorable trip to Japan.

What you may not know about Micki is that she is a vegetarian by choice. One of the main reasons for this choice stems from her love for cows!

In the event of an impromptu speech, Micki would undoubtedly choose to speak about animals, a topic close to her heart.

When it comes to her favorite food, Micki's ultimate favorite is her mother's unbeatable fettuccine.

Welcome to the PPPA family Makailyn! We're so glad you're here!
